Specifications

Summary Overview:

The Microsoft Surface Pro 12 Copilot+ PC combines the flexibility of a tablet with the productivity of a laptop when paired with the optional keyboard and pen. Powered by the Qualcomm Snapdragon X Plus processor, 16GB LPDDR5X memory and a spacious 1TB UFS drive, it delivers responsive everyday performance, AI-powered features and excellent portability. Its vibrant 12-inch PixelSense touchscreen, Windows 11 Pro and Wi-Fi 7 connectivity make it an ideal choice for professionals, students and hybrid workers. Buy now and enjoy a premium Windows device built for work, creativity and mobility.

The Surface Pro series is widely praised for its premium build quality, excellent display, long battery life and portability.

Business users, students, remote workers and frequent travellers particularly appreciate its lightweight design, versatile form factor and smooth Windows experience. Users also value the AI capabilities available on the latest Copilot+ PCs for improving productivity and everyday workflows.

Laptop performance tier: Premium Productivity / AI Business Tier

Uses: Office productivity, business applications, remote work, video conferencing, AI-assisted tasks, note taking, web browsing, presentations, document editing, cloud computing, light creative work, education

Overview:

Microsoft Surface Pro 12 Copilot+ PC for Business

The Microsoft Surface Pro 12 is a lightweight 2-in-1 business laptop and tablet designed for professionals who need flexibility, portability and AI-powered productivity. Built around the Qualcomm Snapdragon X Plus processor, it delivers responsive performance, impressive battery life and advanced on-device AI capabilities in a compact 12-inch design.

Whether you are working in the office, travelling or working remotely, the Surface Pro 12 adapts to your workflow with its built-in kickstand, touch display and Windows 11 Pro. As a Copilot+ PC, it is designed to help you work smarter with AI-enhanced tools while maintaining enterprise-grade security.

Features:

Built for Modern Work

The Snapdragon X Plus processor combines efficient performance with a powerful AI engine, making everyday business tasks, multitasking and AI-assisted workflows feel smooth and responsive. Windows 11 Pro provides a secure and productive environment for business users, while the integrated 45 TOPS NPU accelerates AI experiences directly on the device.

Its slim design weighs only around 1kg, making it easy to carry between meetings, offices or client visits without sacrificing productivity.

Designed for Flexibility

Switch easily between tablet and laptop-style working with the integrated adjustable kickstand and responsive 12-inch multi-touch display. Use touch controls for quick navigation, or add the optional Surface Pro Keyboard and Surface Slim Pen to create a complete mobile workstation that suits your working style.

Please note that the Surface Pro Keyboard and Surface Slim Pen are sold separately.

AI Productivity with Copilot+

As a Microsoft Copilot+ PC, the Surface Pro 12 helps users complete tasks faster using built-in AI capabilities. The dedicated Hexagon NPU processes AI workloads efficiently, allowing supported AI features to run directly on the device while improving productivity, creativity and collaboration.

Windows Studio Effects also enhances video meetings, helping you look and sound your best during online calls.

Business Security You Can Trust

Surface Pro includes Microsoft's secured-core PC architecture, providing chip-to-cloud protection for business environments. Combined with Windows 11 Pro security technologies, it helps safeguard sensitive business data whether you are working from the office or remotely.

Easy Connectivity

Stay connected with modern wireless technology including Wi-Fi 7 and Bluetooth. Dual USB-C 3.2 ports allow you to connect accessories, external displays and docking solutions for an efficient desktop setup when required.

Why Choose the Microsoft Surface Pro 12

- Qualcomm Snapdragon X Plus processor
- Copilot+ PC with AI-powered productivity
- Windows 11 Pro
- Lightweight 2-in-1 tablet and laptop design
- Adjustable built-in kickstand

- 12-inch PixelSense multi-touch display
- 16GB LPDDR5 memory
- 1TB solid state storage
- 45 TOPS AI NPU for on-device AI processing
- Wi-Fi 7 and Bluetooth connectivity
- Two USB-C 3.2 ports
- Surface Pro Keyboard sold separately
- Surface Slim Pen sold separately
