Specifications

Summary Overview:

The Microsoft Surface Laptop 7 Copilot+ PC is a premium business laptop built for professionals who need fast AI-enhanced performance, excellent portability and reliable connectivity. Powered by the Intel Core Ultra 7 processor, 32GB memory and a 1TB SSD, it delivers smooth multitasking, responsive performance and built-in 5G for working from almost anywhere. Buy now and enjoy a premium Windows 11 Pro laptop designed for productivity, collaboration and everyday business computing.

The Surface Laptop 7 series has received positive feedback for its premium build quality, sharp high-resolution touchscreen, long battery life and quiet operation. Business users, executives, students, remote workers and content creators particularly appreciate its lightweight design, responsive performance and strong productivity features for everyday professional use.

Laptop performance tier:Premium High-End AI Productivity Laptop

Uses:Business productivity, Microsoft 365, AI workloads, multitasking, remote work, video conferencing, content creation, web browsing, university studies, programming, presentations, dual-monitor office setups

Overview:

Microsoft Surface Laptop 7 Copilot+ for Business

Built for professionals who need speed, mobility, and intelligent productivity, the Microsoft Surface Laptop 7 Copilot+ combines premium design with the latest Intel Core Ultra Series 2 processor and advanced AI capabilities. Its lightweight 13.8-inch design makes it easy to carry between meetings, while the high-resolution touchscreen delivers an excellent experience for work, collaboration, and entertainment.

Designed for modern business environments, this Surface Laptop provides powerful local AI processing, fast wireless connectivity, built-in 5G, and Windows 11 Professional. Whether you're working in the office, at home, or on the move, it delivers the performance needed to stay productive throughout the day.

Designed for Modern Work

The Surface Laptop 7 is powered by the Intel Core Ultra 7 Series 2 processor with Intel AI Boost, delivering responsive performance for multitasking, creative work, business applications, and AI-enhanced workloads. With a dedicated Neural Processing Unit (NPU) capable of up to 48 TOPS, it supports the latest Copilot+ PC experiences while improving efficiency and responsiveness.

The brilliant 13.8-inch PixelSense touchscreen offers sharp visuals, vibrant colours, and touch functionality, making it ideal for presentations, document editing, and everyday productivity. Its slim and lightweight design weighs only 1.4kg, making it easy to take anywhere.

Features:

AI-Powered Productivity

Take advantage of Microsoft's latest AI experiences designed to improve workflow and collaboration.

- Copilot+ PC with AI acceleration
- Up to 48 TOPS AI processing
- Live Captions with real-time translation from over 40 languages
- Cocreator in Paint for AI-assisted image creation
- Microsoft Copilot Studio support for business automation
- Faster local AI processing without relying solely on the cloud

Built for Collaboration

The integrated Full HD Surface Studio Camera works together with Windows Studio Effects to improve video meetings through AI enhancements. Automatic framing helps keep you centred during calls, creating a more professional video conferencing experience.

The laptop also supports two external 4K displays at 60Hz when connected through compatible USB4 or Thunderbolt 4 accessories, giving users additional workspace for multitasking.

Fast Connectivity Anywhere

Stay connected whether you're in the office or travelling.

- Built-in 5G mobile connectivity
- Wi-Fi 7 for faster and more reliable wireless networking
- Bluetooth support
- USB4 and Thunderbolt 4 connectivity
- USB-A port for existing accessories

Business Security

Designed for commercial users, the Surface Laptop 7 includes Microsoft's trusted security technologies and Secured-core PC protection, helping safeguard business data while enabling secure AI experiences.

Why Choose the Microsoft Surface Laptop 7?

The Microsoft Surface Laptop 7 Copilot+ is an excellent choice for professionals looking for a premium business notebook with AI acceleration, exceptional portability, fast connectivity, and powerful everyday performance. With its Intel Core Ultra processor, built-in 5G, Copilot+ capabilities, and premium touchscreen display, it is ready for today's business workloads and the AI-powered applications of tomorrow.
